COMMANDER'S WORDS

The Juvat Ski Trip '16 was a huge success and the "No-Notice" exercise is upon us...MOPP 4 for all of my friends! January was a challenging month. The weather in Dec was much better than in the past. January...not so much. We had 2x snow-mageddon's and needless to say anytime you get 30" of snow in less than 48 hours...you spend a lot of time shoveling snow on the flight line.

The Juvats have little time to rest this Spring. As soon as this no-notice exercise ends we have another in early March and then a deployment to Jungwon AB, South Korea for a Buddy Wing.
