AUGUST 2016

COMMANDER'S WORDS

The Juvats finished out July strong in BP 16-4 flying all of our possible combat mission sortie types throughout the week. Very hot and humid week and good times had by all stepping in MOPP 4. Link below to a video with Thrash that PA posted.

For assignments, Ogre will be off to fly Operational Test at Nellis in Oct. For those moving in the Spring (Feb-May), expect to submit desires by the end of Aug.

FYSA, we will have split squadron ops in Aug with half of the folks in Singapore and the rest here at the Kun. Don't hesitate to reach out to me if any of the Juvat family needs support.
